## PROFESSIONAL SUMMARY

I am Zaid Khan, a passionate front-end developer with skills in HTML, CSS, Bootstrap, JavaScript, and React.js. I started my web development journey in 2023 and have gained hands-on experience by working on live projects during my time at SkyTech. While my initial focus was on WordPress, I'm now dedicated to becoming proficient in the MERN stack, with a particular focus on React.js. I'm actively seeking opportunities to further develop my coding skills and contribute to meaningful projects. My communication skills and proficiency in spoken English allow me to collaborate effectively in team environments.
